ArcLight

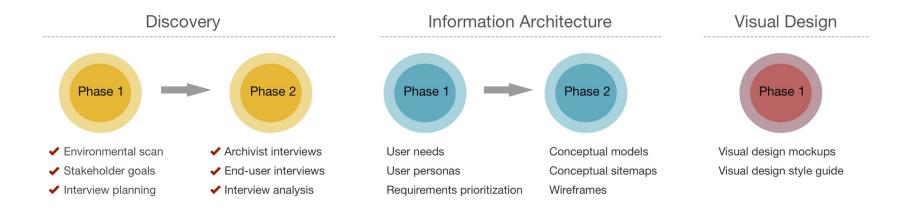

Mark A. Matienzo / @anarchivist Stanford University Libraries

Background

- Intended to build a Blacklight-based system to support discovery and delivery of archival materials
- Collaborative, user-centered design process began in 2014 at Stanford University
- Gathered stakeholder goals from approximately 12 institutions
- Community-based design team includes Stanford as well as University of Michigan, Chemical Heritage Foundation, and Georgia Tech

ArcLight Design Process: Tasks & Timeline

Updated 2016-09-29

What's next?

We need your help!

- Work cycle to develop minimum viable product: April 3-May 26, 2017
- Looking for interested developers, UX designers, archivists, subject matter experts
- Can accommodate partial FTEs or partial involvement during this period
